Paste this in your bat: What President McKinley says relative to Hawaiian affairs "coes."

If race wars to Hawaii do not increase, it will not be the fault of the critics of the jurors in the Japanese riot case.

Fighters in the Philippines are thoughtful of the American people after all. The slight cossition of hostilities gives an opportunity to turn attention to the Fitz-immons Jeffries mill

While the United States government is establishing railway mail ervice in the Philippines it m ght be so good as to remember that Hawaii will highly appreciate railway muil courteries.

The United States Freasury department having held that Japnese sailors cau go ashore in American ports, an influx of deserting Japanese sailors is not an improbable feature of fu ure immigration

While the people are casting about for semething useful to give Admiral Dewey, they should not forget a gold mounted, dismond studded typewriter. Such a present might induce Dewey to give his story of the battle of Manila

The marriage of Lieut, C. McR. Winslow, who distinguished him self at Cientuegos last summer, to one of the Havemeyer daughters suggests that Americans have at last discovered successful ways and means for competing with the title owners of Europa.

Theoretically a British or Russian sphere of influence in China meaus open ports to the world at large. Practically it means an inflax of European soldiery whose influence for the increasing strength of the Chinese Empire and the peace of Europe has yet to be demonstrated

Never was a public movement that cost the business community go si coin started that somebusinesman did not respond to the appeal for funds with "what do I get out of it?" If the people of this ter ritory do not see a dollar of direct return from the Omaha Exposi-

THE AMERICAN CONSTITUTION AND HAWAII.

The recent decisions of the Supreme Court to the effect that be annexation resolution did not abrogate the registry laws and that it did not extend to these Islands the Constitution of the Unit ed States deserve more attention than has been given to them. To the layman as well as the lawyers they seem to be very peculiar rul-
